

STAND ARCHITECTURE RULES

By signing the application form, you agree to follow the General Rules of the MPV 2016 trade show and to ensure that your decorators, installers or subcontractors will heed them as well.

The organizer of the trade show reserves his right to alter or dismantle any installations that are not conform to the General Rules of the trade show or to the stand architecture rules below.

Any fittings or decorations you have to install must stay within the limits of your stand.

STAND ARCHITECTURE RULES

- **MAXIMUM HEIGHT: 5 meters**

Decoration and structure: 5 meters for the entire area without any recess relative to neighbours and aisles. This rule applies to all the stands wherever the height of the hall permits it. Any stand that exceeds 5 meters high will be subject to an extra charge equivalent to 20% of the surface area of the stand.

Activation, Consulting & Design booth: Maximum height of 2.50 meters without any recess.

- **COMMON WALLS**

We remind you to keep your separating partitions clean, smooth and **without any sign of any kind**, in order to respect your neighbour(s).

- **STAND OPENING**

Stands must be kept as open as possible. Any partitions, signposts, or decorations installed beside an aisle may not exceed 50% of the length of each side of the booth. Any special decorations must be designed so as to keep aisles clear and to allow a maximal visibility through the stands.

- **MULTIPLE LEVEL STAND**

Multiple level stands are not authorized.

- **SIGNS**

Signs must not be higher than **5 meters high** and must be positioned at least at **1 meter away** from the shared partition.

Activation, Consulting & Design booth: Maximum height of 2.50 meters without any recess.

- **LIGHTING BATTENS**

The maximum height is 5 meters. They are permitted when independently hung over the stand structure without recess relative to neighbouring stands and aisles (velum possible once percentage of coverage will be approved by our safety manager).

- **RIGGING SLINGS**

Hanging operations are to be performed exclusively by VIPARIS technical teams.

- **HALL FLOORS, POLES AND WALLS**

Any damage (e.g. sealing, holes, painting, marking...) is strictly forbidden. At the end of the show, your stand location must be returned into its original condition.

Please don't drill into the concrete flooring of the hall.

- **INSTALLATION OF STANDS AND PRESENTATION OF MATERIALS**

The materials presented must not disturb or prejudice neighbouring stands. Nothing must be positioned outside the stand area. Noisy equipment or sound systems may not be used more than 15 minutes per hour and only if they do not disturb neighbours (article 11 of the General Rules).

STAND PROJECT

Each exhibitor undertakes to submit a stand decoration project to the organizer **before the 22nd February 2020**. This project has to present the stand layout and all the stand decorations for approval.
